- II. Section 2.13.C of the Whitestown UDO shall be amended to read as follows:

For purposes of IC 36-7-4-1506, the Town Council will neither accept nor consider any proposal to create an additional PUD District Ordinance ~~for property that is now located within the Jurisdictional Area of the Town.~~ **unless at least fifty percent (50%) of the land affected by the proposal is located within one or more of the special development areas identified in Chapter 4 (Land Use) of the Whitestown Comprehensive Plan. The following procedures shall govern the establishment and administration of any additional PUD districts:**

- a. The area of land to be developed shall not be less than twenty (20) acres.
- b. Properties adjacent to the PUD district shall not be adversely affected.
- c. In a PUD district, the density of development, the lot and yard sizes, the building locations, the common use or public areas, and the pedestrian and traffic circulation system shall be specifically designated in a District Plan and approved by the WPC and the Town Council.
- d. The District Plan shall specifically designate the proposed land uses within the boundaries of the district including the various types of residential development and/or the specific types of business, together with all other related land uses.
- e. The district shall be designed to preserve any natural amenities of the site and to create a stable environment of compatible uses and functions.
- f. The district may permanently reserve land suitable for the common use of the public or the owners in the development. This may be accomplished by dedication, covenant, or easement. This land may be for future public facilities, for recreational or scenic open space, or for a landscape buffer zone as approved by the WPC. Provisions for permanent control and maintenance of this land shall be outlined in a form acceptable to the WPC.

- g. The District Plan shall be consistent with the purpose of this Section.
- h. The District Plan shall be submitted to and reviewed by the WPC **in accordance to the WPC Rules and Procedures** as a proposed amendment to the Zoning Map and as a Subdivision. Following the review by the WPC, including the required public hearing, the WPC shall make its recommendation to the Town Council in accordance with this Ordinance.
- i. Permits for any site improvement or structure in a PUD district shall be issued only after the plans for such development have been approved by the WPC, and after the District Plan has been duly recorded with the Boone County Recorder. - j. In the exercise of its continuing subdivision jurisdiction, the WPC may from time to time modify the approved PUD in a manner consistent with the approved PUD to allow **for up to ten percent (10%)** changed circumstances and/or conditions unforeseen at the time of original approval **to be administratively approved.**
- k. Approval of the District Plan by the WPC shall expire after a period of ten (10) years from the approval of the Plan unless the development is fifty percent (50%) completed in terms of public improvement including streets, parks, walkways, and utility installations such as power, gas, water, and sanitary sewers, in which latter instance an extension of time may be granted by the WPC not to exceed five (5) successive periods of two (2) years each.
- l. Upon the abandonment of a PUD district development authorized under this section (abandonment shall be deemed to have occurred when no improvements have been made pursuant to the District Plan for thirty-six (36) consecutive months), or upon the expiration of ten (10) years from the approval by the WPC for a development that has been completed (or the expiration of an extension granted by the WPC as described above), the WPC shall initiate an amendment to the Whitestown Zoning Map so that the land will be zoned into a category or categories which most nearly approximate its then existing use or such other zoning category or categories as appropriate.

III. Section 9.2.E.4 of the Whitestown UDO shall be amended to read as follows:

Planned Unit Developments. Any PUD District Ordinance that was adopted before January 1, 2011, by the Boone County Commissioners (as part of the Boone County Zoning Ordinance), for property that is now located within the Jurisdictional Area of the Town, is hereby ratified and shall hereafter be deemed to have originally been adopted by the Town

- d. The amendment proposal may provide that any development requirements (other than permitted uses) that are specified in the PUD District Ordinance may be modified by a committee designated by the WPC, after a public hearing held in accordance with the WPC's Rules and Procedures. However, any decision of a committee which approves or denies any requested modification may be appealed by the Administrator or any interested party to the WPC, also in accordance with the WPC's Rules and Procedures.
- e. In considering the amendment proposal, both the WPC and the Town Council shall pay reasonable regard to: a) the **Whitestown** Comprehensive Plan; b) current conditions and the character of current structures and uses in each district; c) the most desirable use for which the land in each district is adapted; d) the conservation of property values throughout the Town; and e) responsible development and growth.

Whenever the WPC deems it advisable, the WPC may permit or require the owner of a parcel of real property to make a Commitment subject to the rules prescribed for Commitments by IC 36-7-4-1015 and subsection 6 of this Section. By permitting or requiring a Commitment, the WPC does not become obligated to recommend or not recommend the adoption of the amendment proposal.
- h. Within ten (10) business days after the WPC determines its recommendation (if any), the WPC shall certify the amendment proposal to the Town Council with a favorable recommendation, an unfavorable recommendation, or no recommendation from the WPC.
- i. The Town Council shall vote on the amendment proposal within ninety (90) days after the WPC certifies the proposal. The Town Council's consideration of the proposal is governed by IC 36-7-4-608 and IC 36-7-4-1512.
- j. During the time when the amendment proposal is being considered by the Town Council, the owner of a parcel of land may make a new Commitment or modify the terms of a Commitment made when the proposal was before the WPC. No further action of the WPC is required for a new Commitment to be effective. If a Commitment made when the proposal was before the WPC is modified and the effect of the modification is to make the Commitment more stringent, no further action of the WPC is required for the modified Commitment to be effective. However, if the effect of such a modification is to make the Commitment less stringent, then the modified Commitment must be ratified by the WPC to be

effective. A Commitment made or modified under this provision is subject to the rules prescribed for Commitments by IC 36-7-4-1015.

k. If the amendment proposal is adopted, the WPC shall update the Zoning Ordinance and zone maps to reflect the changes made by the amendment.

l. Unless the amendment proposal provides for a later effective date, the amendment takes effect on the date that it is duly adopted pursuant to IC 36-7-4-608.
